

EXHIBIT 49  
DATE 1-25-07  
HB 2

Committee Members:

My name is Pam Davis. I am 52 years old and live in Missoula, Montana. I am a quadriplegic and need a ventilator for life support. I have been on the medicaid waver plan for the past 23 years. I would like to *Thank You* for your support of this waver that concerns long term care.

We, the people with disabilities, would like to ask for more medicaid waver slots. There are about 500 people in Montana who would like to live in their own home. We are asking for 125 more medicaid slots applied to the waver plan to open the door for others to be able to live in their own home.

I know with my own experience I have been able to grow and give back to the community, to live my life more fully. As a woman with a disability I interact with my family and friends, for this I am very grateful to be able to live in my own home. I also hope this for others. Thank you for your time and willingness to listen.

Sincerely,

*Pamela F. Davis*
